Eurol White Vaseline

Pharmaceutical quality, especially for the food industry

Description

Eurol White Vaseline is a very high refined product of pharmaceutical quality and has a very high degree of purity.

Eurol White Vaseline can be used as a lubricant for packing machines and applications in the food industry, as well as in the cosmetic and pharmaceutical industry. It can also be used as a grease for battery cable terminals, and for the lubrication of weapons and leather.

Eurol White Vaseline meets the requirements of several (international) pharmaceutical institutes.

Eurol White Vaseline is water-resistant and offers a good corrosion protection.
